Julia Jackson
Executive Assistant

What drew you to your chosen career in MBE?

After working in corporate companies for the majority of my career, I liked the idea of a smaller team where you are a name rather than a number and can make a real difference. I enjoy the variation to my job and no one day is the same, it's great to work with dynamic people and watch the business grow and develop.

What do you enjoy most about your job within MBE?

As Executive Assistant I get to oversee a number of projects so am fortunate that I get to interact with the partners and team on a weekly basis. I love to organise and like to ensure everyone is where they are supposed to be and have the correct information, a lot of my job is to anticipate what others need before they ask you.

How long have you worked in the business?

I have worked at MBE since 2011 and been working for over 20 years as a PA/Executive Assistant for number of companies. I started at Procter & Gamble which was a great learning curve and worked on great products.

I'm going to the bar, what are you drinking

Love a Prosecco or Gin and Tonic!

What do you do to decompress after a busy week?

I love to keep fit with weekly Bootcamps and Yoga, definitely boosts the endorphins!
