

## Continuous Improvement Foundations

**With experience and a passion for adding value, we inspire change and help you build the path to long term, sustainable improvement**

If you are looking to **improve processes** and **operations**, or looking to develop as an individual and would like to know how to implement sustainable improvements, then the Continuous Improvement Foundation course is for you!

During this course you will learn how to **eliminate waste** and **improve efficiency** in your daily work. The course focuses on **practical learning** and our **post course coaching** is there to help you as you apply your learning and make improvements in your team or department.
